## Our College

RVS Educational Trust, Jamshedpur has established an excellent infrastructure in Jamshedpur with the name **RVSCET**. This was in order to provide world-class infrastructure to produce highly skilled Engineers who are versatile in culture, embedded with psychological values and have the tenacity to work in any environment.

There are many industries, including Asia's largest ancillary hub, Electronic Cluster & STP (Govt. of Jharkhand initiative) and Auto Cluster in and around Jamshedpur. This enables ample opportunities for our students to interact and get trained during their study period. Environment Friendly campus is home to several architecturally striking buildings where every need of both students and faculty is met.

## BBA

The **BBA program**, in collaboration with esteemed professional bodies, offers a 3-year degree, equipping students with a professional edge and the ability to apply management skills to business needs specializations in Finance, Marketing, HRM and Entrepreneurship enables tailored learning. Highly coveted after 12<sup>th</sup> grade, BBA instills leadership, management and entrepreneurial insights. It focusses on communication, problem-solving, teamwork and time management. Comprehensive training spans accounting, finance, marketing and management, ensuring graduates possess various expertise. BBA opens diverse career paths and serves as a robust foundation for advanced degrees, making graduates highly sought after by managers.

## Why Choose BBA?

**Here are the top reasons why you should choose BBA as your undergraduate degree:**

- + It can open doors to various specializations and a promising career after BBA.
- + You will be developing a more comprehensive skill set.
- + It helps you to build managerial skills and keen business acumen to critical thinking, problem-solving, business analytics and so much more.
- + It can help you discover specialized master's concentrations like Business Analytics, Hospital Administration, IT, Social Media, etc.
- + Plus help you network, unravel better skills.
