NOTICE

All members of the Departmental Research Committee and students are hereby informed that, under the aegis of the Institution's Innovation Council (IIC), the Department of Mechanical Engineering is organizing an Intra-Institution level start-up Competition on 24th July 2026.

As part of this initiative, all concerned DRC members and their teams are required to prepare and submit names of three teams of students to the Department of Mechanical Engineering on or before 18/07/2026.

The objective of this event is to provide a platform for students to present their business ideas, demonstrate innovative concepts, and receive guidance from internal and external mentors.

All participants are expected to actively engage in presentations, and evaluation sessions as per the guidelines of the Institution's Innovation Council.
